Further internal network/distribution is done by P&T Department. Drinking water connecting to this Colony was disconnected due to non-payment by the P&T Department, but the same has been restored as ad-hoc payment has been received by NDMC.

Water connection to Type-I & II, Staff Quarters has been restored and water supply is normal; However, this was disrupted due to damage to some water lines during construction work carried out by P&T Department in the P&T Complex for Type-ll & Type-V Flats. NDMC has pursued the matter with P&T Department.
